Terms

Rates are calculated on a per session basis.

Please note that services for couples and families do not attract the government Medicare rebate

All fees are payable on the day of consultation.

If a session involves a face to face consultation, cancellations made less than 24hrs notice will be charged at the full rate.

Please note that this service does not provide bulk-billing. A reduced rate is available upon request in exceptional circumstances.

Fees are subject to change and may attract a price increase at the commencement of each financial year.

Each year the Australian Association of Social Workers (AASW) publishes a set of recommended fees for accredited social workers who are self-employed as private practitioners. At Harris Counselling we are committed to providing the lowest most affordable prices to our clients and offer services at a subsidised rate to meet the needs of low to middle income earning couples / families.

For information with regards to these guidelines, please visit the AASW website on: <https://www.aasw.asn.au/>
